What You Are Supporting

Each year Los Silverados sponsor a golf tournament for the benefit of Yonge Street Mission's Children and Youth programs.

Proceeds from the golf tournament go to our TD Securities Computer Literacy Centre.

Overview of programs:

- ◆ Our Computer Literacy Centre provides various computer courses for inner city students from Senior Kindergarten to Grade 12.

- ◆ Yonge Street Mission offers fun educational March Break and summer camps where the student can go on field trips and learn to use various multimedia software and devices.

- ◆ The Toronto District School Board has recognized our centre as a computer training school. When the students finish the introductory course they are awarded with a computer to take home.

- ◆ At our June 2008 graduation ceremony, we continue to celebrate with our students who graduate from all of our computer literacy program.

Proceeds also go to our Evergreen Centre for Street Youth. Evergreen is a safe place where youth living on the streets of downtown Toronto can rest, eat, obtain health care, receive parental relief and get help with finding a job or a place to stay. Here, street youth can find a place to belong, someone to talk to, and people that genuinely care.
